Coalition for Algoma Passenger Trains

Dear Concerned Fellow Train Travelers,

The members of Trout Lake Properties, Mile 57 on the Algoma Central Railway, intend to be represented at the Town Hall Meeting scheduled for October 13, 2006. Enclosed is a list of our membership. This does not include the family members and associated owners who depend on the train service, especially on weekends to get to their cottages.

The change of service for winter service where the railroad cut off the North Saturday and South Sunday runs and left on the Wednesday/Thursday runs is of no value for the weekend cottager which applies to the majority of our members. The proposal to apply this same schedule to the summer service would be **very detrimental!**

It appears the Railway is intent on discouraging train travel with scheduling that does not satisfy customer needs. Deteriorating equipment and lack of maintenance is also in need of changes.

President
Trout Lake Properties

Donald Muscatello
